Lasting ties were formed between Global Village Hawaii and the Aloha Shriners with Global Village's much-welcomed donation of \$720.00 to the Shriners Hospital for Children.

The donation resulted from Global Village's focus on corporate social responsibility and how best to help organizations such as the Shriners hospital, says Sherene Ariffin, an English as a Second Language (ESL) instructor at Global Village. "We decided to choose corporate social responsibility as our theme," says Ariffin, who teaches business English to ESL students at the Global Village.

Her class performed community service at the hospital and followed up with a series of brownie cookie sales to raise money, which they gladly donated to the hospital.

Our illustrious Potentate Terrence Derby and Divan Douglas Nakamura met with Ariffin and members of her class on March 8th to accept their gift of \$720.00 and to present her class with a certificate of appreciation for their kindness and generosity.

"It was such a pleasure for us to meet with Sherene and her students," says Potentate Derby. "I can't say enough how much we appreciate their donation."
